

safety goggles

ultrasonic

prescription insert available

compatible with a wide range of dust masks - fit goggles first

uvex goggle lenses are supravision HC-AF coated: anti-fog inside/scratch resistant outside

uvex ultrasonic · 9302

uvex ultrasonic 9302

- CE approved to EN166 1B 349 – liquid (chemical) splash, large dust particles, molten metals and solids
- exceptional wearer comfort due to duo component technology: the combining of two different materials (hard/soft components) means that pressure never becomes a problem - even after long periods of wear
- ergonomically designed lens ensures unrestricted all round vision
- can be worn comfortably over most prescription spectacles
- the outstanding ventilation ensures a pleasant interior environment, whilst protecting against splash and dust
- easy lens replacement
- maximum UV protection
- optical class 1 polycarbonate lens
